

WallFlair™ Paste Paper Specifications: RCM-WFPP

Product Overview

WallFlair™ Paste Paper (RCM-WFPP) is a premium and sustainable uncoated fibrous nonwoven product for wall applications. It has excellent printability and good opacity. RCM-WFPP also has high dimensional stability and a luxurious textile-like touch that is easy to apply and cleanly remove in one piece. Use with standard wallpaper paste, and the surface is washable with a soft, damp cloth.

Specifications

Total Caliper: 15 mil

Weight: 4 oz per square yard (147 gsm)

Finish: Fibrous

Applications

Wall Décor (apply with wallpaper paste)

Part Number

RCM-WFPF-164-54

Storage Conditions

WallFlair Paste Paper RCM-WFPP should be handled with care to prevent surface contamination that may affect the printable surface of the product. This material should be processed and stored in an environment of 65° - 85° F (18° - 29° C) and 30 - 50% relative humidity (non-condensing) that is clean and relatively dust-free. We recommend storing this product in its original packaging in a cool, dry area until ready for use. If storage conditions are outside the recommended operating ranges, allow the material to acclimate to the production environment for at least 24 to 48 hours before use.

Roland Certified Media Guarantee

This product is sold for the usage of the applications stated in this document. The product is free of defects, and produces vibrant, printed graphics when used with Roland DG's UV and resin inks.
