

3364 Sihl SL Backlit 10mil Satin

PRODUCT DESCRIPTION

3364 SL Backlit Film is a 10mil, satin backlit film compatible with eco-solvent, latex, and UV inkjet wide format printers. Our SL Backlit's thick polyester base is dimensionally stable, rigid, and tear resistant which makes it easy to install, impervious to strong changes in temperature, and suitable for use in indoor and outdoor lightbox displays. The finish of SL Backlit 3364 provides for a vivid image both with the lights on or off, and its quick dry coating allows for higher ink loads to produce dramatic eye-catching images.
